

Welcome!

Kalamazoo Sportswear specializes in custom screen printing, digital printing and embroidery for schools, family reunions, sports teams, parties, parades, pub crawls and more!
T-shirts are a great fundraiser & we can help!

For orders of 12 or more shirts, we recommend standard screen printing.
Most prints are 1-5 colors, but we do have the capability to print up to 10 colors for large orders.

We have a large variety of ink colors, and you may select any garment in our catalog to print on.
Use the catalog link at the top of our home page or stop & pick one up!
We offer standard plastisol inks as well as waterbased inks, for a more natural, vintage look.

We can set up your design for you, or you can send us your design idea.
If you want us to use your art file exactly as-is, email your art file to:
info@wmuonline.com

One-color art is acceptable if it is high-resolution (300 dpi) only.
Multicolor art must be vector-based and editable in Adobe Illustrator.

Not sure? See if you have any of these formats available:
.ai .eps .svg .pdf .tif

We're here to help!
If you don't have usable art, it's no problem.
Let us know what you have in mind & we can create a custom look for you.

If you're only looking for a couple of shirts, digital printing is the way to go.
We can put a full-color photo on the front of your shirt and it will look great!
Lighter color shirts work best, and they must be 100% cotton.

We do embroidery too!
Have your company logo or name stitched on almost any garment.
Pricing is based on size and number of stitches.

We can set up and order ASI promotional items, and we'll make it easy!
Lanyards, pint glasses, frisbees...you name it, we'll find it!

Typical turn-around times:

Digital printing = 48 hours
Screen printing = 7-14 business days
Embroidery = 14-21 business days
ASI = 14-21 business days
